

ACOUSTICS

THE ACOUSTIC TELEPHONE BOOTH

Make phone calls in peace in the factory and production

Quiet room in noisy environments

- ▶ Reduced Noise: Noticeable reduction in noise exposure.
- ▶ Sturdy Construction: Crafted from powder-coated sheet steel and filled with acoustic polyester insulation.
- ▶ Compact Design: Illustrated dimensions: W 1250 x D 1250 x H 2620 mm. The modular design allows flexible customisation.
- ▶ Versatile Accessories: Customise your working environment with accessories like monitor support, shelves, clothes rails, ceiling lighting, and cable ducts.
- ▶ Soundproof Entry: The honeycomb door, made of translucent polycarbonate from Wacosystems, ensures soundproofing.
